

## PERMIT TERM 29C

Title: Irrigation System Evaluation

When Used: If the applicant does not intend to sell water but plans to use the water directly for irrigation purposes, and the permit, combined with any other appropriative right for the same place of use, authorizes the diversion of 1,000 acre-feet or more of water annually.

Term:

Prior to making a request for license or before license action will be considered by the State Water Resources Control Board, permittee shall consult with the Division of Water Rights and perform an irrigation system evaluation. A report on the evaluation shall be prepared by a person trained or experienced in irrigation system design and management and shall be submitted to the Board for approval.

All cost-effective water conservation measures identified in the irrigation system evaluation report shall be implemented prior to issuance of a license.
